

Berkshire Community College Mission Statement

"The mission of Berkshire Community College as a member of the Massachusetts Higher Education System is to meet the needs of a diverse student population through the offering of a broad spectrum of high quality educational opportunities at relatively low cost. Both a liberal arts curriculum, which prepares students to transfer to other institutions, and career courses, which enable students to enter or improve themselves in the employment market, are offered. Other programs, courses, and workshops, on and off campus, are developed and offered consistent with the interests of the students and the community.

The College welcomes persons of all ages and walks of life, and the community is encouraged to use the College's facilities and services to help in solving problems related to the development of the economy and the human and natural resources of the region."
